LOCATION

Various Sites
York, Maine

THE CHALLENGE

Through the York Land Trust's dedication to the conservation and preservation of lands of scenic, agricultural, ecological, or educational significance, CLD worked with individual landowners and potential donors to define conservation easement areas. CLD also conducted boundary surveys and prepared plans to identify the easement for recording at the County Registry.

THE RESULTS

CLD has assisted the York Land Trust in the acquisition of easements, permanently protecting approximately 10 acres on individual home lots adjacent to the York River.
